### LANGUAGE

- Thai
- Melayu
- English

### SKILLS

- HTML
- CSS
- Angular
- Flutter
- Figma
- Github
- Bootstrap
- TypeScript
- Robot Framework

### EXPERIENCE

#### Internship

Sept. 2023 - Mar. 2024

##### Wealth Management System Limited

During my internship at Wealth Management System Limited, I served as a web developer. My primary tasks involved training in mobile application development using Flutter to create a shopping app. Additionally, I gained experience in website development using the Angular framework. I was also involved in testing the systems developed using the Robot Framework.

#### Leadership

Kasetsart University Students Council Board 2021 - 2022  
Chalermphrakiat Sakon Nakhon Province Campus.

Computer Engineering Committee of 2020 - 2024  
Kasetsart University Chalermphrakiat Sakon Nakhon Province Campus.

#### Project in The course

- Arm Robot
- Fruit sorting system
- Dormitory booking website
- Product management system(Web Application) 2021
- Disease classification system of rice leaves by convolutional neural networks

#### Soft Skills

- Have a high degree of patience.
- Have a good relationship.
- Have respect and be a good listener.
- Have the courage to learn, to try new things.
- Be capable of controlling the expression appropriate to the situation.

### EDUCATION

#### Bachelor of Computer Engineering

2020-2024

Kasetsart University Chalermphrakiat  
Sakon Nakhon Province Campus.

#### High school Science Mathematics Program

2014-2019

Mahad Islamic School.
